You want more?

You don't like the limits your contract places on your possessions, we have the solution. Several items that you own have a specific limit, your jewellery, furs, bicycles, coin, stamp, card or other collections, for example. We can offer you a better comprehensive policy.

You can get the coverage that matches your requirements at a moderate cost.

By choosing a better comprehensive policy, you get other benefits as well. For example, if your house is a total loss, you are no longer under the obligation to rebuild it. If your home is robbed, you no longer have to replace your possessions. You take the money and spend it as you wish.

There are a number of other improvements available, depending on the choice you make. Certain conditions apply.
