How to reduce your premium

Here are some simple and effective measures to help you reduce your motorcycle insurance premium:

- Put your motorcycle under the same insurer as your car;
- Increase your deductibles;
- If the vehicle is old, you can drop some guarantees (e.g. collision);
- Equip your motorcycle with an alarm system or a recognized ignition lock;
- Some of our insurers offer discounts for advanced driver training courses;
- Some of our insurers offer a discount if a woman is the main driver of the motorcycle;
- Have no infractions on your driving record with the SAAQ;
- Have a good claims record;
- Belong to a recognized motorcycle club.
