Chubb Masterpiece

Protecting Your Possessions

We understand that, like many things in your life, your possessions go beyond the norm. Your home furnishings, clothing and collectibles are carefully chosen and appreciated. That is why we take as much care protecting what is within the walls of your home as we do the dwelling itself. We offer Deluxe Contents

Coverage as well as specialized Valuable Articles Coverage.

Chubb's Deluxe Contents Coverage offers comprehensive "all-risk" coverage for most of the usual items in your home. This coverage offers the replacement cost of an item that is lost or damaged due to a covered peril.

Your contents are covered worldwide. That means that any items that are with you while traveling, or that are at the location of a child away at university, have the same comprehensive coverage as the items within your home.

Valuable Articles Coverage

Over the years, you acquire items that hold a special place in your heart. These items are unique and valuable, not only in dollars, but for other reasons as well. These items require specialized attention and insurance protection.

Chubb is known as the preeminent insurer of valuable articles. We insure more privately owned jewellery and art collections than anyone else and have been recognized for our approach in this area by Art News Magazine and Forbes.

The Chubb Masterpiece Valuable Articles Policy has been developed to provide the highest degree of protection possible for these items. Masterpiece allows you to itemize each piece and place a value on that item so that, if something were to happen to it, you know exactly how Chubb will settle the claim.

Chubb offers specific coverage for :

Jewellery

Fine Art

Silver

Stamps and Coins

Sports Memorabilia

Rare and Valuable Documents

Wine

Other Collectibles
